WORK EXPERIENCE

Ardent Computech Pvt. Ltd.

Web Development Intern

Kolkata, West Bengal

Mar 2026 – Apr 2026

- Completed project-based industrial training focused on real-world web development workflows and software development practices.
- Worked on designing, developing, testing, and deploying responsive web applications using modern web technologies.
- Developed and integrated frontend components to create user-friendly and responsive web interfaces.
- Worked with backend APIs and implemented data exchange between frontend and server-side applications.
- Used Git and GitHub for version control, code management, and project collaboration.

TECHNICAL SKILLS

Languages: Java, Python, HTML, CSS, JavaScript

Core Concepts: Object-Oriented Programming (OOP), Data Structures and Algorithms (DSA)

Frameworks/Libraries: FastAPI

Databases: MySQL, SQLite, SQLAlchemy

Tools & Platforms: Git, GitHub, VS Code, IntelliJ IDEA

PROJECTS

Train Ticket Booking System | Java, Gradle, JSON, BCrypt | [GitHub](#)

Feb 2026

- Developed a CLI-based train ticket booking system with authentication, train search, seat booking, and cancellation.
- Implemented JSON persistence with Jackson to manage users, trains, tickets, and booking records.
- Secured passwords using BCrypt hashing and added validation for dates, passenger details, and payments.

Netflix Clone | HTML, CSS | [GitHub](#)

Nov 2025

- Developed a responsive Netflix-inspired web page with movie cards, navigation, hero section, and categories.
- Used CSS Flexbox, positioning, spacing, typography, hover effects, and interactive buttons for a polished UI.
- Optimized layout for mobile screens using media queries and flexible content sections.

CERTIFICATIONS
